Uvod

Uzeti u obzir da je DNA razvio specijalni program za majku i dete, "Otkrij moj svet!", u cilju davanja podrške imunizaciji i obrazovanju u oblasti nege beba.

Uzeti u obzir da je DNA razvio "Otkrij moj svet!" program uz podršku Procter&Gamble Marketing Romania SRL kroz "Pampers" brand.

Uzeti u obzir da se ovaj program sastoji iz proizvodnje sanitarno-obrazovnih materijala, i njihove distribucije u porodilišta, dve strane se slažu sa aktuelnim Protokolom o Saradnji.

Strane se slažu da potpišu aktuelni protokol:

Predmet ugovora

Predmet ugovora je distribucija sanitarno-obrazovnih materijala, prema mladim majkama koje su se porodile u Bolnici. Materijali su osmišljeni kako bi osigurali obrazovanje u pogledu nege beba.

DNA obligations

- a) Implement and coordinate the roll-out of the program "Discover my world!" on the period the present protocol is making reference to.
- b) Support the distribution of the packages to the maternity hospitals.
- c) Train the hospital employees, so that the responsible accordingly distributes the packages to the young mothers and offers the required information for offering the packages; the attributions of the program responsible will be the object of the collaboration agreement previously signed by DNA and the hospital's responsible.
- d) Packages delivery towards the hospital based on an official report signed by the person delegated by the hospital and by the DNA representative that will make the delivery.
- e) Designate a contact person for the relationship with the hospital and inform in written the hospital about this contact person or about any replacement of the contact person.

Hospital obligations

- a) Designate an employee as contact person for DNA, responsible for the proper execution of the program in the hospital, for the mothers' training regarding the baby care; the name of the designated person will be transmitted to DNA through a written notification at the address written in the present contract; in case this person is replaced, DNA will be informed in maximum 2 days from the replacement, through a written notification sent at the address mentioned in the contract, or on the e-mail sent to the person designated by DNA as contact person.
- b) Ensure the access of the DNA representatives and the packages in the hospital.
- c) Provide storage for the packages necessary for minimum a month, assuring that there are optimum conditions for manipulation and storage.
- d) Make sure that the contact person for DNA will receive the packages on an official report signed by both parties.
